A photograph of a dirt path leading through a dense forest. The path is made of dark brown earth and is flanked by vibrant green ferns and other undergrowth. Tall, slender trees with green foliage form a canopy overhead, with sunlight filtering through the leaves. The overall scene is peaceful and natural.

Away

Work better. Work away.

We spend our working lives imprisoned in buildings and meeting rooms or sat in front of computer screens. It's not fun, healthy or productive.

It's time to re-think the way we work. The way we do meetings. The way we talk to each other. It's time to get Away.

We help organisations and people to work better - by taking you away to new places and ways of working that are more human-shaped, productive and enjoyable. We help you to simplify, remove distractions and gain more insight and inspiration.

So, escape your office and the distractions of modern work life, and work differently. Let us help you rediscover your inspiration and focus in the countryside...

Walking meetings

Let us take your next meeting outdoors to a walk in the countryside and see how this transforms your ideas, communication and productivity. You'll notice how you see things more clearly, think more creatively, communicate with each other better and reach clearer decisions.

An experienced host will organise your walk, run your meeting and look after your group - so that you can fully take part in the meeting and experience. They will provide return transport from the nearest station and lead you on a beautiful rural walk, chair the meeting and record notes as you go. They will also supply everyone with refreshments to keep you going!

Campfire meetings

Everyone loves a campfire. For millennia they've been at the centre of human interaction. So let us help you take your meeting outdoors and run it around a campfire.

An experienced host will set up your campfire, run your meeting and look after your group - so that you can fully take part in the meeting and experience. They will provide return transport from the nearest station, set up your fire, chair your meeting and record notes as you go. They will also supply everyone with campfire refreshments to keep you going.

Countryside office

Need some time to disconnect, focus and work without distractions? Then move your desk to one of our beautiful, peaceful indoor venues in the countryside for a day, a week or more.

It's quick, easy and affordable. You can come to our base in the beautiful Sussex countryside, or you can leave it to us to find a lovely walk or fire site near your office and meet you there. We have venues within 20 minutes of most towns and meetings can be as short as an hour, so they don't take up your whole day.

Try us for your next meeting. It's fun, healthier and way more productive. Once you've tried working Away, you'll never look back!

Our hosts

Our hosts have one aim - to make sure you get the most out of your meetings. They come from a range of backgrounds, but all are experienced professionals, skilled at chairing meetings. And all have something extra - the knowledge, ideas and perspective to help you do meetings better - outside. You'll leave our meetings with more than just a completed agenda - depending on your host, you might also learn something about birdsong, philosophy or how to make a fire without matches!

Your host will have a short briefing call with you in the days before your meeting to understand what you want to achieve from the meeting and discuss your agenda.

On the day, they are there to make your meeting run smoothly, enable everyone to participate fully and ensure you leave the meeting with the notes you need. They are also there to look after you, sort out all the practical arrangements (from keeping the campfire going to leading the walk), give you refreshments and keep you safe. Essentially, the ideal host!

Costs

The costs below are for organisations with an annual turnover above £1m. If you are a smaller organisation or an individual, we will try to subsidise your fee - please call for details.
